Delaware Township Zoning Map

Zoning District boundary lines are intended to follow or run parallel to the center of the streets, streams, and lot or property lines as they exist on a recorded deed or plan of record in the Pike County Recorder of Deed's Office and on the Pike County Tax Maps at the time of the enactment of the Zoning Ordinance, unless the Zoning District boundary lines are fixed by dimensions or are otherwise shown on the Official Zoning Map. In any case of uncertainty, the Municipal Governing Board, in consultation with the Planning Commission, shall interpret the intent of the map as to the location of District boundaries.

Approved this 25 day of September 2013 by the Delaware Township Board of Supervisors

Thomas M. Ryan
